SIXTH YEAR.

MAYSVILLE, KY., WEDNESDAY, NOVEMBER 10, 1897.

ONE CENT.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "squares" free any more than a merchant can give his customer free after-dinner goods or shoes. A newspaper is a business, and its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

We Knew We Had a Good Thing in the Stock of Goods

We bought by electric light a few days since. There is so much clap-trap clothing advertisements in vogue just now that we refrained from saying very much about the purchase. We simply called the public's attention to it by telling them to look at the display of these goods in our windows and note the prices on them. We knew we would sell some of them. The warm weather left a doubt as to selling a great many now. The doubt is dispelled. Since the day we opened this purchase and placed them in our windows our store has been crowded with customers anxious to secure these unheard-of bargains. We advise our friends who contemplate buying Fall Suits and Overcoats not to let this opportunity slip. It is only once in a long time that circumstances arise that enable merchants to secure first-class clothing that can be sold for less money than the cheaply gotten-up stuff that is flooding the market just now.

Our \$2, \$2.50 and \$3 Custom-Made SHOES!

That we warrant to give satisfaction and cheerfully return the money if they do not have quickly sprung into favor. Out of ten mail orders—nine of which we receive many—receive prompt attention. Look at our show-windows; none like them in the state.

BLACK DIAMOND NEWS

South Carolina Right in Line For the Coming System.

MASS MEETING AT ANDERSON.

At a big mass meeting held at Anderson, S. C., November 4th, the following preamble and resolutions were adopted by a unanimous vote:

WHEREAS, Colonel Albert E. Boone for the last three years has been giving his undivided attention to the promotion of the Black Diamond Railway System from the Northwest via Knoxville, Tenn., to Tidewater on the South Atlantic, and has, with his inexhaustible energy, aroused enthusiasm among the people in the states of Ohio, Indiana, Kentucky and Tennessee, along the route of the proposed road; and whereas, the people of the city of Anderson and vicinity, with the delegates from various points along the proposed route through South Carolina, have heard the plans proposed by Colonel Albert E. Boone for the building, equipping and running said road; and whereas, the route proposed has long been regarded the most practicable and feasible one from the Atlantic seaboard to the great West through Rabun Gap via Knoxville; and whereas, the business interest of the country demands the early completion of said road; and whereas, the rapid growth in population, as well as the development of industries of our country, are such that with this great trunk line penetrating into the heart of the coal and iron regions of Tennessee, Indiana and Kentucky it will be necessary to operate a double track road as outlined by Colonel Boone; and whereas, it appears that the testimony before us that the people along the proposed route in Ohio, Indiana, Kentucky and Tennessee are enthusiastic in their support of the proposed road; and whereas, it appears that two-thirds of the real estate owners of the city of Anderson, together with a majority of the qualified voters to the city of Anderson, have signed a petition calling the City Council to submit to the voters a proposition to vote a subscription of \$50,000 in bonds to aid said road, in accordance with the acts of the General Assembly in such case provided; therefore, be it

Resolved, That we hereby endorse the plans of building said road as outlined by Colonel Boone, and be may rely upon our united support in carrying this grand work to completion.

Resolved, That Colonel Boone and his associates are entitled to our material support in all that is necessary to the preliminary work so as to hasten the early completion of the road, and to this end we recommend that the several towns and cities along the proposed route take immediate steps towards raising the necessary funds to secure the location of said road by surveys, rights of way, &c., so as to facilitate the work.

Resolved, That if the towns and cities will do their part of the work, we have unqualified confidence in Colonel Boone's ability to complete the proposed road, which will mark the greatest triumph in railroad building of the nineteenth century, for the South Atlantic and great West will then be indissolubly bound together by bonds of steel.

The three-year-old boy of J. A. Johnson, of Leno Center, Ill., is subject to attacks of cramp. Mr. Johnson says he is satisfied that the timely use of Chamberlain's Cough Remedy, during a severe attack, saved his little boy's life. He is in the drug business, a member of the firm of Johnson Bros. of that place, and can handle a great many patent medicines for throat and lung diseases. He had at these to choose from, and skilled physicians ready to respond to his call, but selected this remedy for use in his own family at a time when his child's life was in danger, because he knew it to be superior to any other, and famous the country over for its cures of cramp. Mr. Johnson says that it is the best selling cough medicine they handle, and that it gives splendid satisfaction in all cases. Sold by J. James Wood, Druggist.

Blankets! Last April's foresight gives November readiness at the old tariff free prices—and it's a comfortable saving. Likely to continue until this lot is exhausted. Who knows how soon that will be hurried with November frostiness just around the corner and this blanket stock with all the price bars down—down in this fashion:

At \$3.50 a Pair! White blankets, pure wool filling, heavy and soft, 72x84 inches, weight 5 pounds, various colored borders. "Mission Mills" Blankets are the famous California brand. We have the exclusive right to sell them here. Securing control of them enabled us to place large orders and lowered prices about one-fourth. They are all pure wool in both warp and filling and are handsomely bound with white silk. 62x80 inches, 5½ pounds \$5 a pair. If these two blanket offerings are favored with intelligent examination the present stock will be unequal to the demand. The merits are not represented by catch penny prices. They make an honest appeal to the most critical judgment.

Women's Hosiery! Did you ever try to buy seamless, fast black, fleece-lined stockings that were really good for less than 35c? Well, our hosiery maker knows how to put in goodness without putting in cost. Examples: Fleece-lined hosiery for women, made in Germany, dyed in Germany, ribbed top, high special heel, applied sole and toe. Guaranteed absolutely fast black, soft, elastic and closely woven. 35c. a pair.

After a week's reflection this scribe sums up the consensus of opinion as to who struck "Billy Patterson" thusly:

There was a man in our town, And he was wandering wise, He jumped into a briar bush And scratched out both his eyes.

When he found what he had done, With all his might and main, He scratched them in again.

If the above "ditty" applied to the management of the late Republican County Convention, all right. If to the lack of interest on the part of the County Committee, or any member thereof, "let her go." The fact remains, there is ample time—four years—to scratch them in again.

MORE CIVIL SERVICE FRAUD.

A Washington special gives some interesting facts as to the inner workings of the Civil Service Law in the Departments.

The defeat in Maryland of the Constitutional amendment for a Civil Service Law in the state and municipal offices has brought forward in Washington the fact that already the fight of the anti-Civil Service League is having an effect. The members of this Association claim that when the Ohioans return to Washington, they, too, will see the bad effect of how the law has been administered and that there will be a change in the Government offices there.

It was certainly anything but pleasant to the thousands of Republicans who thronged the streets in front of the bulletin boards on election night to hear the exulting cries of hundreds of Democratic Government clerks at every announcement of a Republican loss or a Democratic gain. Clerks who have languished as Republicans for the last few months openly stood under electric lights and gave derisive shouts when the first returns showed the defeat of Low and Tracy in New York, and the supposed overthrow of Hanna in Ohio and the triumph of Gorman in Maryland. The shouts for Free silver in Kentucky and Nebraska were twice as loud as for the Republican returns from Massachusetts and Iowa.

Not only was this so on Tuesday night, but all day Wednesday, when Ohio and Maryland were still in doubt, Democratic clerks gathered in the corridors in the big Department buildings and held little jubilees over their alleged victories. They congratulated themselves and declared that it all meant that Bryan would be nominated in 1900 and elected, and that once again they could sail under their true colors.

Wednesday, the day after election, these clerks made no secret of their joy, but on Thursday, when the returns changed the result, almost to a man they had returned to their cloak of Republicanism, and once more wore their false masks.

A lot of this was going to, say the least, to good Republicans, and especially so those Clerks who had been reduced by the Cleveland Administration, and were still obliged to keep their minor places, while the Bryan Democrats, put in their places, were allowed to remain and exult.

It can be stated in this connection that the Republicans in Congress who are opposed to the continuation of the Civil Service Law and the present regulations, are making active preparations for the fight they propose to make in favor of the repeal of the law at the coming session of Congress. Already a poll of Congress has been started with a view of ascertaining the sentiment of the Republican majority in regard to the measure.

This poll is not yet complete, but among the things it shows is that the entire Republican delegation from Indiana can be counted in favor of the repeal, while nineteen members from each of the Illinois and Ohio delegations are also in favor of it. There are also a number of members from Pennsylvania reported against it, while many of the Western Congressmen are down on the list.

A Republican Senator is quoted as saying that the Senate will not pass the bill, making provision for the next census, unless it embraces a stipulation that appointments to the census office shall not be subject to the Civil Service Law. At any rate, there is prospect of a lively fight over the matter during the coming session.
